

In God We Trust

Derek Webb

In God we trust
And the government is on His shoulders
In God we trust
Through democracy and tyranny alike
In God we trust
He uses both good and evil men

In God we trust
So we fight for peace and He fights for us
In God we trust
Even when He fights us for someone else
In God we trust
Even when He looks like the enemy

In God we trust
Even though our hearts are bankrupt
In God we trust
For more than just the value of our dollar bills
In God we trust
But there's no gold behind these notes of reserve

In God we trust
Even through our great presumption
In God we trust
Even though He favors no nation-state
In God we trust
Even when the blessing is a curse
