

The Very End

Derek Webb

This is my murder trial
I'm going to testify
And I'll love you to the very end
The very end
The very end

Cross my heart, hope to die
You are my firefly
And I'll love you to the very end

The very end
The very end

You are the anti-curse
Death going in reverse
And I'll love you to the very end
The very end
The very end
