Derez De'Shon

That ass fat in them jeans, but it look better to me naked  
She sent me the addy, but I think I missed the exit  
Poppin' all this Addy got me woke, I ain't been resting  
Hoppin' out the Audi, all this money I've been blessed with  
Flexin', selfish, I might be  
Obsessed with the nice things  
My neck lit when the light gleam  
Now every night, a nigga livin' life like its a Saturday  
Remember times we ain't have no lights, back in my sadder days  
I remember times when I ain't have time to be sad today  
That's why I'm where I'm at today  
I ain't never going back, no way  
Where I come from, dreams don't come true  
But if one do, the whole hood 'posed to be proud, but they wasn't, ooh  
I watched everything change, even day-ones too  
That's what them funds do  
Now look what these ones do  
Make your bitch do a trick on the dick like a Mongoose  
And when she finished with me, you the one she go home to  
When she get into it with you, who you think she gon' run to?  
Derez De'Shon, yeah

Pop a pill, let's get active  
How you feel? I gotta ask, yeah  
You know what it is, but this ain't that  
What's the deal? Baby girl, what happening?  
Let's get active  
I'm just trying to give you what you lacking  
Trying to push your face through the mattress, yeah  
Hit you from the back, trying to smash it, yeah, yeah, yeah

I hop up in that Lamb and I skrrt off (Skrrt)  
Got your baby mama with me with her shirt off  
I be killin' that shit, I'm talkin' murder  
No Ja Rule  
But, who would I be without you?  
Money real, real long, standing tall to the ceiling  
Riding through the city, top gone, yeah, it missing  
Riding 'round with the Glock on me, I ain't tripping  
Got the Rollie on me, change the time zone, different city  
And you know me, homie, I ain't change, only thing different  
Is the bitches, the whips, and the jewelry  
You see the TV's, yeah  
So icy, I'm freezing, yeah  
Hope a nigga don't reach, for real  
Or my dawg gon' squeeze him, yeah
