

# Ambitions

Derez De'Shon

It is what it is  
I ain't choose it, shit chose me  
South Side, ClayCo, let's get it  
We got London On Da Track

Remember them days I was broke  
All a nigga sold me was some hope  
And then them niggas started sellin' dope  
Got partners in prison who never spoke  
I got a bitch in the hood that's on welfare  
Section 8 housing, she let me leave the bales there  
She treat me well and you know I take care of her  
That dope got a smell, hope the neighbors don't tell  
'Bout that life, she ain't scared, ride or die with a player, yeah  
I got partners fightin' just to live  
Twenty-five to life, he can't appeal  
Like a G so you know what it is  
When it's gangster it gets real

You can't deny it, I'm a fuckin' rider, you don't wanna fuck with me  
'Cause I got a real ones on my side, I got the hitters on my side  
I got the shooters on my side, I got the killers on my side  
You can't deny it, I'm a fuckin' rider, you don't wanna fuck with me  
'Cause I got a real ones on my side, I got the hitters on my side  
I got the shooters on my side, I got the killers on my side

In Clay County, I'm a OG like Stunna (Rich Gang, gang)  
Hold it down for my uncle, Flocka Flame them my brothers (squad)  
Play with us and we bustin' (baow), ain't no arguing and fussin'  
End of discussion (shh), pull up on a pussy nigga and squeeze  
Make sure he dead 'fore I leave  
First you hear the tires screech  
Then you hear the forty sneeze  
All my shooters hitting like a free-throw  
Thirty round, ain't gotta reload  
Tryna build the carter like I'm Nino  
Brick by brick I fuck with migo  
I'm a passer nigga, I'm a rider  
Catch your ass in traffic, pull by side you  
Let the window down and I'ma fire  
It's my ambition as a rider

You can't deny it, I'm a fuckin' rider, you don't wanna fuck with me  
'Cause I got a real ones on my side, I got the hitters on my side  
I got the shooters on my side, I got the killers on my side  
You can't deny it, I'm a fuckin' rider, you don't wanna fuck with me  
'Cause I got a real ones on my side, I got the hitters on my side  
I got the shooters on my side, I got the killers on my side

You can't deny it, I'm a fuckin' rider, you don't wanna fuck with me  
You don't wanna fuck with me
