

# Depression

Derez De'Shon

(Ricky Racks, I see you, yeah)  
Studio killa... Dazz  
Yeah, ya ya...  
Studio killa...  
(Yung Shad, you killed this track)

Got so many problems, I can't hear myself think  
I ain't brush my teeth or bathe, I'm musty and my breath stink  
And I'm losin' gravity, don't know why I can't stand up straight  
Screamin' "fuck the world", emoji: 'I don't give a fuck' face

Seein' is believin' what do you believe, ya  
Do you know the pain you feel when no one else believes ya  
Then they call you crazy, say you trippin' and you seein' stuff  
Give you medication thinkin' that the pain gon ease up  
Bruh, I done seen fish in the sky, I done seen birds in the sea, ya, ya  
I know the truth and the lie, I done fought angels and demons, ya  
I never had a good role model, so please do not follow my lead, ya  
Whenever I talk to my heavenly father, I drop to my knees, ya, ya, ya

I've been hurt so much I'm startin' to hurt the ones I love, ya  
I've been lied to so many times, I don't know who to trust, ya  
Depression got me mixin' different drugs all in my cup  
Screamin' "fuck the world", emoji face: 'Don't give a fuck', ya

Lately I been feelin' like "fuck it all"  
Beggin' my girl to forgive me for flaws  
Say she gon' leave me, but I hope she don't leave me tomorrow, ya  
I'm already crazy, don't know what I be if I lost her

Do you believe in flyin' saucers  
Fairy tales, ghosts and monsters  
I feel like a alien from another planet  
Ain't no understandin' (ain't no understandin')  
I'm beggin' for help  
But it seem like I'm talkin' in Spanish (seem like I'm talkin' in Spanish)  
Abusin' all these drugs, know that my brain has been damaged (I know my brain is damaged)  
Pain I feel inside, get in the booth and explain it

Got so many problems, I can't hear myself think  
I ain't brush my teeth or bathe, I'm musty and my breath stink  
And I'm losin' gravity, don't know why I can't stand up straight  
Screamin' "fuck the world", emoji: 'I don't give a fuck' face

Seein' is believin' what do you believe, ya  
Do you know the pain you feel when no one else believes ya  
Then they call you crazy, say you trippin' and you seein' stuff  
Give you medication thinkin' that the pain gon ease up  
Bruh, I done seen fish in the sky, I done seen birds in the sea, ya, ya  
I know the truth and the lie, I done fought angels and demons, ya  
I never had a good role model, so please do not follow my lead, ya  
Whenever I talk to my heavenly father, I drop to my knees, ya, ya, ya

The only thing that's fascinating to my eyes  
Is the sun is shining, moon and all the stars up in the sky, ya  
I'm seein' more than the average human eyes

In the darkness where I live, Lord let me shine, ya

I'd be lyin' if I say I never cried  
I'd be lyin' if I say I never tried  
I'd be lyin' if I say I never prayed  
I'd be lyin' if I say I never strayed  
In the trap house every night, every day  
Sleep on the sofa with the 9 and the K  
Found it hard to keep a smile on my face  
Mixed emotion from my heart and my brain

I'm so mentally fucked up, I'm knee deep in depression  
Whenever I express love, I come off aggressive  
The doctor told me I'm crazy, momma said I'm special  
Suicidal thoughts, grippin' a 38 special
