

# Empty Heart

Derez De'Shon

Ugh yeah yeah ugh ugh ugh yeah

I been out here trying to fill a  
Empty heart hoping that I heal up  
I been taking all these drugs trying to feel numb  
Then I drop to my knees like why me lord  
Been hurt so many times wish I could feel numb  
Been hurt so many times wish I could feel numb  
I been hurt so many times wish I could feel numb  
Taking all these drugs just to feel something

Hold up saying prayers before I pop these percs hoping they ain  
't fentanyl  
Pour up devil working got me sipping heavy y'all  
I prayed for this but I guess I just wasn't ready naw  
I slaved for this shit like a dog I swear them chains cost me  
What was it worth I lost my main bitch and my brother now I'm h  
urting  
I lost day one niggas that was with me from the dirty  
Made millions but this shit ain't making sense I need a perky  
Right now

I been out here trying to fill a  
Empty heart hoping that I heal up  
I been taking all these drugs trying to feel numb  
Then I drop to my knees like why me lord  
Been hurt so many times wish I could feel numb  
Been hurt so many times wish I could feel numb  
I been hurt so many times wish I could feel numb  
Taking all these drugs just to feel something
