

# Same Way

Derez De'Shon

Yeah

Are you down? Are you down? Are you all the way down?

Are you down? Are you down?

I fuck with you the long way, long way

And I'm loyal with mine

So if I fuck with you, I'm fuckin' with you always, always

Stuck in the hood, I wanna leave, you tryna stay

Guess we ain't seein' shit the same way, same way

You can front on niggas and them bitches suckin' different mans

Just keep this shit the same way, same way

Fuck the money, fuck the fame, I ain't change

I wish you looked at me the same way, the same way, same way, same way

The same way, same way, same way

Same way, same way

Same way, same way

Money didn't change me, it changed you (You, you, you, you)

Still'll pull up at the blade, just me and Nu (Free Nu)

With a hundred in the back (Racks) and a quarter million worth of jewels (Ice)

Call Live and get a text from June (Man, what the fuck?)

He say', "You a lick now" (Okay) "Be careful how you move"

And I'm like, "How I'm just gon' switch now?"

You fuckin' up my mood, I wasn't no bitch then, ain't a bitch now

The money didn't change me, pistol on my hip now

Before a nigga try to stand up on me, he better sit down

40 Glock, 50 rounds, big nuts, dick 'em down

Tell him send them bitches now

Ordered up like 50 thousand, throw it up, the money pilin'

Remember we ain't never had shit, now the world is ours

I fuck with you the long way, long way

And I'm loyal with mine

So if I fuck with you, I'm fuckin' with you always, always

Stuck in the hood, I wanna leave, you tryna stay

Guess we ain't seein' shit the same way, same way

You can front on niggas and them bitches suckin' different mans

Just keep this shit the same way, same way

Fuck the money, fuck the fame, I ain't change

I wish you looked at me the same way, the same way, same way, same way

The same way, same way, same way

Same way, same way

Same way, same way

I watched you start from the ground (For real?)

When you was up and I was down (Dirt)

Never hated, never frowned (Never)

I was glad for you, I smiled (I did)

I was mothafuckin' proud (For real?)

Things I never said out loud (Nope)

I looked up to you like my big brother since I was a child

What's changed since then and now? (Huh?)

I just can't figure out (I can't)

Why your face be lookin' sour (Sup?)

Every time you come around (Huh?)

And you barely come around (Damn)

Lately, I've been out of town and they say you've been talkin' foul (For real?)  
Shit I'm hearin', I'm like, "Wow, wow" (Wow, wow, wow, wow wow)  
And that shit hurt me like, "Ouch, ouch" (Ouch, ouch, ouch, ouch, ouch)  
Every time I see that crowd, go wild (Crowd, crowd, crowd, crowd, crowd)  
I be thinkin' this dream ours (Ours)

I fuck with you the long way, long way  
And I'm loyal with mine  
So if I fuck with you, I'm fuckin' with you always, always  
Stuck in the hood, I wanna leave, you tryna stay  
Guess we ain't seein' shit the same way, same way  
You can front on niggas and them bitches suckin' different mans  
Just keep this shit the same way, same way  
Fuck the money, fuck the fame, I ain't change  
I wish you looked at me the same way, the same way, same way, same way  
The same way, same way, same way  
Same way, same way  
Same way, same way

Yeah  
Are you down? Are you down? Are you all the way down?  
Are you down? Are you down?  
You, you-you-you
