

Save Me

Derez De'Shon

Oh lord I been praying praying for you to save me
A lot of shit been crazy crazy lately
Living life wit no safety G lock on a nigga no safety
They tried to delete me and erase me
Yeah yeah yeah yeah oh lord plz save me

That 40 on my hip ain't for show just to let you know
Nigga play wit me it's a go I'ma let it blow
2 things Fa sho never been a bitch
Never been a hoe if it's smoke let a nigga know
Cause I spin blocks like bottle tops
No soda spray a nigga shit up like baccarat
You know that order leave a nigga dead how his body drop
You know it's over 1 phone call Motorola minutes rolling over huh
I ain't a saint I ain't a demon
I'm stuck in the middle gotta make sure everyday
I come back home to my children
Gotta make sure everyday I stay strong I can't go brittle

Lil cuz stuck to the script
Grateful he did that rentals cars
Trunk full of work
Praying we get bacc
It ain't only demons the good die young
They we can't get back
Retaliation we gave opps graves for the get back
Can't blame me
Niggas moving weird, it ain't change me
Made some millions with some dudes who betrayed me
Dead weight's what delayed me
Cut them off
Same dudes tried to drain me
A lot of murder on my mind
Cause the pain deep (for real)!

Switches on them glizzyz
No safety
Blacc clouds in my neighborhood
But still moving safely
Day 1's even snaked me
But that didn't break me
We gon kill them fools
Then play it cool like an AC
