Special

Derez De'Shon

I knew you was somethin' special when you passed by
Baby, just forgive me for the last time
I'll give you my time when I have time
Long as you don't play me when it's half time
And I'll be, everything you need
As long as you can be there when I need you
Yeah

Shit gets hard, times get rough (Yeah)
If I fall, would you pick me up? (Yeah)
We can ball, we can live it up (Yeah)
But if I asked you for your heart, would you give it up to me?
Or, would you leave me on "read" when I text you?
Or would you reply and tell me, "Baby, I'm here for you"?
If I was doin' time, would you stay down and be real for me?
Would you pick up every time or go days without me hearin' from you?
I just need to know (I just need to know)
'Cause nowadays I ain't got the time (I ain't got the time)
You either is, or you ain't mine

I knew you was somethin' special when you passed by
Baby, just forgive me for the last time
I'll give you my time when I have time
Long as you don't play me when it's half time
And I'll be, everything you need
As long as you can be there when I need you
Be there when I need you, oh, oh
Be there when I need you, oh
As long as you there when I need you

I know we be goin' through our shit (Yeah, yeah)
Fuss and argue, might throw a couple fits (Yeah, yeah)
But you know I L-O-V-E you, that's for real (Yeah, yeah)
You know I never wanna see you in tears (Yeah)
And I know I hurt you, I hope you can forgive me
I ain't do it on purpose, baby, I was for real trippin' (Yeah)
You know I ain't perfect, baby, but can you live with it? (Yeah)
And put all of that bullshit behind us
And tell your friends mind their business, never mind us
'Cause we ridin' 'til the wheels fall off, unless you're tired
Your love is like a drug and I'm tryna get higher

I knew you was somethin' special when you passed by
Baby, just forgive me for the last time
I'll give you my time when I have time
Long as you don't play me when it's half time
And I'll be, everything you need
As long as you can be there when I need you
Be there when I need you, oh, oh
Be there when I need you, oh
As long as you there when I need you
