

Rome

Dermot Kennedy

So, what's the past for? I'll need it if love don't last long
So you can run around infinite in my head
All you can't see, oh, I'd stay if you asked me
Now you know I care, but it's hard to tell when you're scared

Last night
It hurt me to hear you say it felt broken
And even though I tried
All these memories run my mind in slow motion

Do you remember when?
Midnight drives when you'd sing
I'd play you songs you were in
I just want to be there again
Do you remember when?
With Rome below us that day
You said, "I wish we could stay"
I just want to be there again

Remember that first laugh? All it changed once I had that
Like a hurricane but I don't care where I land
So, dance carefree, I hope it's easier knowing me
Now, your soul is yours but I'll help it move if I can

Last night
It hurt me to hear you say it felt broken
And even though I tried
All these memories run my mind in slow motion

Do you remember when?
Midnight drives when you'd sing
I'd play you songs you were in
I just want to be there again
Do you remember when?
With Rome below us that day
You said, "I wish we could stay"
I just want to be there again

Do you remember when, oh?
Do you remember when?

So, I don't ever wanna leave when you cry
I know I give you reasons to hide
I need you to stay by my side
First shootin' star that you ever saw
We were right on our feet though, right?
Opening the car door for light
I really thought I'd lose you that time

Do you remember when?
Midnight drives when you'd sing
I'd play you songs you were in
I just want to be there again
Do you remember when?
With Rome below us that day
You said, "I wish we could stay"
I just want to be there again

Do you remember when, oh?
Do you remember when?
Do you remember when, oh?
Do you remember when?
