

# Rome

Dermot Kennedy

So, what's the past for? I'll need it if love don't last long  
So you can run around infinite in my head  
All you can't see, oh, I'd stay if you asked me  
Now you know I care, but it's hard to tell when you're scared

Last night  
It hurt me to hear you say it felt broken  
And even though I tried  
All these memories run my mind in slow motion

Do you remember when?  
Midnight drives when you'd sing  
I'd play you songs you were in  
I just want to be there again  
Do you remember when?  
With Rome below us that day  
You said, "I wish we could stay"  
I just want to be there again

Remember that first laugh? All it changed once I had that  
Like a hurricane but I don't care where I land  
So, dance carefree, I hope it's easier knowing me  
Now, your soul is yours but I'll help it move if I can

Last night  
It hurt me to hear you say it felt broken  
And even though I tried  
All these memories run my mind in slow motion

Do you remember when?  
Midnight drives when you'd sing  
I'd play you songs you were in  
I just want to be there again  
Do you remember when?  
With Rome below us that day  
You said, "I wish we could stay"  
I just want to be there again

Do you remember when, oh?  
Do you remember when?

So, I don't ever wanna leave when you cry  
I know I give you reasons to hide  
I need you to stay by my side  
First shootin' star that you ever saw  
We were right on our feet though, right?  
Opening the car door for light  
I really thought I'd lose you that time

Do you remember when?  
Midnight drives when you'd sing  
I'd play you songs you were in  
I just want to be there again  
Do you remember when?  
With Rome below us that day  
You said, "I wish we could stay"  
I just want to be there again

Do you remember when, oh?  
Do you remember when?  
Do you remember when, oh?  
Do you remember when?
