

# Herald The Day

Des'ree

Herald the day  
When the hungry ain't hungry no more  
When truth and justice reign  
When color don't stand in the way

Herald the day  
When the hungry ain't hungry no more  
Honesty always pays  
So you better start mending your ways  
Herald the day  
When color don't stand in the way  
Oh, blessed day, hey hey hey

Something's gonna happen  
It's written in the air  
Something's gonna happen  
Revolution is everywhere

Herald the day  
When the earth ceases to cry  
Innocents always pray  
So their babies don't have to die  
Herald the day  
When truth and justice reign  
Oh, blessed day, hey hey hey

Herald the day
