

# Nothing To Lose

Des'ree

Hold me don't let go, 'cause I'm reveling in insecurity  
It's so unlike me, yes I know  
But what am I to do with how I feel

I just keep on wondering, pondering what to do  
I beat up on myself and everybody else, I'm so confused  
You say let's compromise, head for the skies  
Nothing to lose. I've got nothing to lose

So please don't leave me here. I'll be lost without you  
Don't make me stay. 'cause I'll only be in the way

Don't say I told you so and that  
My argument is wearing thin  
Sometimes I'm ugly, beautiful  
Say I'm hormonal and I'll punch you in  
'Cause I just can't make up my mind any time  
I'm not like you  
Don't put words in my mouth  
Or I'm heading south right on cue  
You said let's compromise head for the skies  
Nothing to lose. I've got nothing to lose

So please don't leave me here. I'll be lost without you  
Don't make me stay. 'cause I'll only be in the way

Just can't make up my mind, anytime  
I'm not like you  
Don't put words in my mouth  
Or I'm heading south right on cue  
You say let's compromise, head for the skies  
Nothing to lose. I've got nothing to lose

So please don't leave me here. I'll be lost without you  
Don't make me stay. 'Cause I'll only be in the way
