

# Imaginary Friends

Des Rocs

Crucify what it's like to be normal  
Terrified, dig inside, sit me down and tell me

Why do these voices always try to change me?  
Sick from the noises  
They keep whispering

Do you wanna leave me here?  
We're always in your head, imaginary friends  
Do you wanna leave me here?  
With you til the end, imaginary friends  
Give in to the fire and the fear  
The liar in your ear  
And you'll never be lonely again  
Do you wanna leave me here?  
My imaginary friend

Crystallize all the cringe and the sorrow  
Live a lie, what a bitter pill to swallow

I'm sick of it all, sick of it all  
Sick of it all, sick of it all

Tell me why do these voices always try to change me?  
Sick from the noises  
They keep whispering

Do you wanna leave me here?  
We're always in your head, imaginary friends  
Do you wanna leave me here?  
With you till the end, imaginary friends  
Give in to the fire and the fear  
The liar in your ear  
And you'll never be lonely again  
Do you wanna leave me here?  
My imaginary friend

Do you wanna leave me here?  
Do you wanna leave me here?  
Do you wanna leave me here?  
My imaginary friend

This is a real good person in a real bad place!
