

Conquer & Contaminate

Desaster

Conquer

Track down explore new fields
Empires Need to grow
Spreading wide dogmatic plague
To burn the plains once paradise
Malevolent creed - Fine culture to the pyre
Your dreams of morbid destiny
Fine culture to the pyre

Conquer & Contaminate

It`s wisdom killed by mastery

Contaminate

Ashore a golden dawn
Command to rape the land
Taking treasures serving false
Contaminate the elder race
With ultimate believe, for destiny to bleed
No exercise had learned
Fine culture to the pyre

Conquer & Contaminate

It`s wisdom killed by mastery

Conquer & Contaminate

An act of mental blasphemy

Ashore a golden dawn

Command to rape the land
Serving treasures serving false
Contaminate the elder race

An act of purest blasphemy

Death will teach us all!

Nothingness will take us all!

Nothingness and death to all!
