

The Final Chapter

Deserted Fear

We think - nothing will pay off the price
Too late for morals to rise
Rethink - cast aside
It's up to you to decide
Undone - tranquillize
The final chapter of humanity

We think
Delusive, demonic in hell
On demand, they cast out the spell
Deny the urge
Insanity
A voice call out in dreams
Eternity

Unsane the path you followed through life
Your soul shall compose the strife
Forlorn but still alive
Burn into fear, weak aside
Headshot - compromise
The final chapter of humanity

We think
Delusive, demonic in hell
On demand, they cast out the spell
Deny the urge
Insanity
A voice call out in dreams
Eternity
