Break in the spot with my dough when I get the check gotta cut it
I been wildin' in the mall when I get some bread I say, "Fuck it"
You see the fear, want the destruction
Just for some money she fuckin', her friend interruptin'
Done fucked up her weave, now she leavin' lookin' rugged
Fuck with my niggas, them niggas, they don't want for nothin'

Thuggin', I'm buggin' but I'm still trappin' for them hundreds (hundos)
Bust a couple licks and then I bounce back like a bungee
