

Yeah, I'm back, you thought I was gone
I was away for 3 years long
Gettin' that money, I'm sick of these niggas
Stop actin' funny, I had to get it cause I earned it
And I just caught my brother burkin'
I bought 85 foreigners, she deserved it
I nuttied on her lip, yeah, we was flirtin'
She want me to bust, she put the work in

It's 4 AM, I know you said your prayers and you're doing it again
I be with my mans and you know we countin' bands
I be with some bitches and you know they off a xan
Shorty a freak, shorty a freak
Shorty a freak, shorty a freak
She suck my dick all week
I had her pussy, I give her Chanel
She in the back, back at the trap, eatin' it well
She in the back, back at the trap, eatin' it well
She in the back, back at the trap, eatin' it well
She in the back, back at the trap, eatin' it well

Yeah, I'm back, you thought I was gone
