I know niggas gettin' bodied in they own hood
Niggas lost they life in that childhood
And I don't wanna lose my life
And I don't wanna lose, and I don't wanna lose

I know niggas gettin' bodied in they own hood
Niggas lost they life in that childhood
And I don't wanna lose my life
And I don't wanna lose, and I don't wanna lose

I know niggas gettin' bodied in that boy hood
Niggas can't divide us in that boy hood
Momma told me stay away from no good (yeah, yeah)
I be throwin' L's in that neighborhood
I feel like a Pharaoh in my neighborhood
I be packin' barrels in my neighborhood
I sing Christmas carols in my neighborhood
I got the right, I pile in my neighborhood
I got up and traveled, han, han
I am viral, han
I know the snakes they rattle (tsst, tsst)
And I don't like you
I just start to start to moonwalk
Just like I'm Michael
And I live my life right
Like a motorcycle
And I don't recycle
And I am a psycho
Take a plane to China
To go test the rifle
I like fuck vagina
Shotgun homicidal
Lambo, suicide door, han (skrr)
I just used the side door
I'm a black disciple
This is so delightful
This is our survival
How we fucked the rivals
How niggas came up, from the gangbang just to get the title
Livin' in our shoes, can't be suicidal

I know niggas gettin' bodied in they own hood
Niggas lost they life in that childhood
And I don't wanna lose my life
And I don't wanna lose, and I don't wanna lose

I know niggas gettin' bodied in they own hood
Niggas lost they life in that childhood
And I don't wanna lose my life
And I don't wanna lose, and I don't wanna lose

I know niggas gettin' bodied in that boy hood
Niggas can't divide us in that boy hood
Mama told me stay away from no good (yeah, yeah)
I be throwin' L's in that neighborhood
I'm tryin', I'm tryin', I'm tryin', I'm tryin'
I'm tryin' to see another day

I'm tryin', I'm tryin', I'm tryin', I'm tryin'
I'm tryin' to see another day, ay
I'm tryin', I'm tryin', I'm tryin', I'm tryin'
I'm tryin' to see another day, ay
I'm tryin', I'm tryin', I'm tryin', I'm tryin'
I'm tryin' to see another day, ay, oh
