Oh lord, oh lord  
I've been running through the streets, oh lord  
Only one I trust is me, oh lord  
Oh lord, oh lord  
Start my days, just me and you workin' hard  
Only try to keep some real in my squad  
There's so many stairs, but we goin' up  
Goin' up, goin' up  
Got all my diamonds dancin', yeah, I'm a star  
Yeah, you told me always know who you are  
Yeah, you see the views, we blowin' up (Goin' up)  
Blowin' up (Goin' up), we blowin' up (Goin' up)

Yeah, you see the views, we blowin' up  
Yeah, you see the views, we blowin' up

All my diamonds dance, you helped me move on  
Every night you told me, you said we blowin' up, huh  
Every night you told me, you said we goin' nuts  
Them haters cannot [?], yeah, they know we what's up  
Me and God, we just gon' roll up (What's up?)  
But I keep that with me, so you knowin' it's tucked  
We ain't gotta worry 'bout it, we gon' go out  
Everybody with me, know that we goin' up
