Shut the fuck u!
Tear da club up, nigga, tear da club up
Tear da club up, nigga, tear da club up
Tear da club up, nigga, tear da club up
Tear da club up, nigga, tear da club up

I been riding through the city
They tryna fuck my night up
A lot of shit that I hold down
It's time that I bring right up
I'm a get rich, get rich
And I'm a live it right up
There's lotta shit that I hold down
Hey, I'm a bring it right up
They tryna fuck ya night up, I live it right up
I get it right up, I live it right up
I hold shit down, but pick it right up
Cause I live right up, I get it night up
I'm a get rich, get rich
Cause niggas living like us
I said time to hold shit down
But they gon' fuck the night up

Right up, right up
Pipe up, pipes up
Skypes up, skies up
I see stars, there's no limit
Yeah, yeah, yeah, moving right up
Hold on, they can't stop us

I been riding through the city
They tryna fuck my night up
A lot of shit that I hold down
It's time that I bring right up
I'm a get rich, get rich
And I'm a live it right up
There's lotta shit that I hold down
Hey, I'm a bring it right up
They tryna fuck ya night up, I live it right up
I get it right up, I live it right up
I hold shit down, but pick it right up
Cause I live right up, I get it night up
I'm a get rich, get rich
Cause niggas living like us
I said time to hold shit down
But they gon' fuck the night up

I roll delivery
I stroll different
Keep it all different
Yeah I pose different
My time lavish, my time lavish
Miss Jackson, Tom Braxy
Super savage, super savage
Champion, who's that girl?
Times one, little fun

I been riding through the city
They tryna fuck my night up
A lot of shit that I hold down
It's time that I bring right up
I'm a get rich, get rich
And I'm a live it right up
There's lotta shit that I hold down
Hey, I'm a bring it right up
They tryna fuck ya night up, I live it right up
I get it right up, I live it right up
I hold shit down, but pick it right up
Cause I live right up, I get it right up
I'm a get rich, get rich
Cause niggas living like us
I said time to hold shit down
But they gon' fuck the night up

Shut the fuck u!
Tear da club up, nigga, tear da club up
