

From You

Desperation Band

I will not make my boast
In the riches of gold
Or the wisdom and strength of my own
I will not place my trust
In the things of this world
For the One that I love is more
From You is everything
Through You I can live again
To You be the glory forevermore
In the cross I will boast
And my glory will be
In the One who left heaven for me
All my trust is secure
And my hope overflows
For the One that I love is more
