

## Bombs Away

Dessa

Bombs away  
On belay  
I repel  
Heard the call  
Of the falls  
And I fell  
Threw my voice in the noise  
Threw myself with the coin  
If this thing works  
I'll land first  
Live to tell

Look what my future's gone and done  
Couldn't get the car keys off her  
Took the money and run  
But time will retrieve me  
Wouldn't leave me here in space out of reach  
With no signs and no reasons  
To hold myself in place  
But time can make the future settle  
Will stand us back to back  
Can melt us back together  
Fuse to the future to the past

Bombs away  
On belay  
I repel  
Heard the call  
Of the falls  
And I fell  
Threw my voice in the noise  
Threw myself with the coin  
If this thing works  
I'll land first  
Live to tell

I repel

Bombs away  
Live to tell

Bombs away  
On belay
