

## Into The Spin

Dessa

So here we go back again  
Slow climb but quick to descend  
Arms out, arms out  
Turn into the spin  
It's lovely and brief  
With just gravity and me

So here we go back again  
Slow climb but quick to descend  
Arms out, arms out  
Turn into the spin  
It's lovely and brief  
With just gravity and me

And if we choose to fall  
Who's to say it isn't flight

So here we go back again  
It's lovely and brief  
With just gravity and me
