

BILL\$

Destin Conrad

I've been spending money like I'm balling, baby
You don't spend no money on me, but you on me, baby
And it's vintage on my body, yeah, it cost like eighty bills
Cheap thrills in the Hills
Hidden Hills, get it?
Felt like you was 'bout me, you know I'm elated
How you worried 'bout me? You don't call me "baby"
Wasn't fucking with me, now you on me lately
This that shit that I be talking 'bout
This that bitch that you was talking bout?
Tell that bitch get out the section
He cannot come over
I like when you drunk, aggressive when you sober

Dollar bills, dollar, dollar bills
Dollar bills, dollar, dollar bills
Dollar bills, dollar, dollar (Bills), bills
Dollar bills

Never been a issue, ain't no problem, baby
How you Dior-ed down and still stay with your mama, baby?
It's a shame 'cause you can't see me when you wanna, baby
Chill in the VIP, blowing bills
Taking pills, faded
How I end up becoming your karma, baby?
Didn't sign up for all of this drama, baby
Chasing you when I could chase these commas, baby

Dollar bills, dollar, dollar bills
Dollar bills, dollar, dollar bills
Dollar bills, dollar, dollar (Bills), bills
Dollar bills (Chasing you instead of bills)
Dollar bills, dollar, dollar bills
Dollar bills, dollar, dollar bills
Dollar bills, dollar, dollar (Chasing), bills
Dollar bills (Chasing you instead of bills, yeah)
