

EXCITED!

Destin Conrad

First time we kissed was in Oakland
That's when I knew I was open
How many days can I have with you?
How many ways? How many?

We knew each other good before
This time, it's something more
Kinda got me excited
Haven't felt like this since real love
I'm unfamiliar, but you kinda remind me, oh

I know, I know, I know
You got me excited
Got me so excited, but you got me so excited, baby
I know, I know, I know (I know you got me)
Got me excited (Got me), got me excited (So excited)

So excited, so excited
Mm-mm (So excited, so excited)
So excited, so excited (You got me so, you got me)
(Got me excited)
Oh, oh
