

HARD!

Destin Conrad

Goes hard, hands warm, all night, all afternoon
I'm so in love with me, but you make it hard to be so in love with you
And I don't resent

Don't make it hard for me (Don't make it hard for me)

Loving me is easy, I'ma walk in the park, I'm the sweetest thing
I'm the sugar in your tea, I'm the best part of your week
I'm the towel your dry off with
In the same breath, I'm the hot water going out your faucet
Can you take the heat?

Don't make it hard for me (Don't make it hard for me)

No

Don't you know that this one thing is easy?

You can let down your guard
Let me drive your car

I don't have my license yet but I can
Get one and then I'm gon' get me a Benz
I'm gonna let you know but until then
Let me drive your whip
