

LOW TIDE

Destin Conrad

Rockin' in this bitch
Bitch, I've been vibin' in this bitch
I took hella sides in this bitch
I'm feelin' way, mm
But you come find me
In the same city you won't find me
Now might have to go bruise
What I'm hearin' is true

That you and so-so been rockin' on the low
I might him the other night and lowkey he a vibe
Though I wish I could've gave you more
Baby, I've been runnin' low, wish I could've gave you more

Low tide, low tide, low tide
Low tide, low tide, low tide

Low tide, low tide, low tide
Low tide, low tide, low tide

Girl, I love this song
Love and devotion
