

# SWITCH

Destin Conrad

Toast to this  
Young and rich  
Blasphemous  
Can't deal with the same old  
Love over and over  
(I don't know)  
Keep it interesting  
Mi nuh want no boring fuck  
Want something mek mi high like drugs  
But I'm still sober  
Want something that I can't get over

No hesitation want a sure thing  
We can switch it up and even role play  
I think I need someone who loves like me  
Don't shy away  
You're sick of repetition  
Set it if babe no ignition  
Do me that way  
(Switch position)  
(Switch position)  
(Switch position)  
(Switch switch switch switch position)  
Do me that way  
(Switch position)

No babe  
On the floor  
On your back  
In your bed  
And the sex it feels so unexpected  
I know that move that you make gon make me feel this way yeah babe  
Try loving me this way

No hesitation want a sure thing  
We can switch it up and even role play  
I think I need someone who loves like me  
I think I need someone who loves like me  
Don't shy away  
You're sick of repetition  
Set it off babe no ignition  
Do me that way  
(Switch position)  
(Switch position)  
(Switch position)  
(Switch switch switch switch position)  
Do me that way  
(Switch position)
