

# THE LAST TIME

Destin Conrad

Curiosity get the kitty, please  
Let it be, I don't wanna be  
Left alone, not again  
Let alone lose a friend  
What I need to say? Who I need to be  
To make you see, baby?  
Right or wrong (Wrong), you was there (There)  
Now you're gone (Gone), no one cares  
Slammin' doors, throwin' chairs  
Throw my hands in the air  
Damn

When you lie to me, hope it meant the same to ya  
I don't wanna know, I don't really care  
Layin' next to, when you're not with me, I'm there  
I'm there (There)

Damn, damn, damn  
It's just like the last time  
Damn, damn, damn  
Just like the last time

You done lost your damn mind about the damn time  
You listen, I told you you was trippin'  
But then again you went by, am I  
No different? Excuse me for distance  
I've been mindin' my business  
No one has my attention  
I've been movin' with intention  
Intended to find my way back to you  
Back to you  
It meant a lot to me, hope it meant the same to ya

I don't wanna know, I don't really care who ya  
Layin' next to when you're not with me, I'm there  
I'm there (There)

Damn, damn, damn  
It's just like the last time  
Damn, damn, damn  
Just like the last time  
Damn, damn, damn  
It's just like the last time  
Damn, damn, damn  
Just like the last time

This is the last time, I told you the last time  
That this is the last time  
Baby, I told you that this  
This is the last time, I told you the last time  
That this is the last time

This is the last time, I told you the last time  
That this is the last time  
This is the last time, I told you the last time  
That this is the last time  
I told you, told you, told you, told you, told you, told you

This is the last time, I told you the last time  
That this is the last time (Told you, told you, told you, told you, told you  
, told you)
