

UNPREDICTABLE

Destin Conrad

She a true bae
You make the room spin around, I knew that
I didn't know what day
And that drew me in
Can we do it again, baby?
You always call me by the way
You so cold with everything that you say, bae
Sometimes I can't even relate, baby
But with him, I knew what he was gonna say
And that shit didn't hit the same
And he good to me, it's such a shame
And there's really no one else to blame
Nothing fall off his tongue
I, I

Miss the feeling of the new memories (Ooh-oooh, mm-hmm-mm)
I miss the feeling of waking up to something unpredictable (Yeah)
Unpredictable (Yeah)
Unpredictable (Yeah, yeah)
Unpredictable, oh

I like to guess if you'll be there when I wake up (Oh)
Don't care if you leave, as long as you show up
I like that you make me second guess it
With confused sentiments, I'ma question mark all my sentences, yeah,
yeah
You don't like consistency
And he always gon' be the same
And you know I love a toxic trade
I still

Miss the feeling of the new memories (I miss the feeling of, oh-
ooh, mm-hmm-mm)
I miss the feeling of waking up to something unpredictable (Oh, oh, y
eah)
Unpredictable (Oh, oh, yeah)
Unpredictable (Oh, oh, yeah, yeah)
Unpredictable (Oh, oh, take me home)

I live around the corner (What you mean you don't wanna?)
What you mean, you don't wanna?
Finna call my [?]
Oh, baby, 'fore I spazz out
I've never been the type, to get crazy, make me act up (Chill)
You brought it out of me, don't be mad now

Miss the feeling of the new memories (I miss the feeling, ooh-oooh, mm-
hmm-mm)
I miss the feeling of waking up to something unpredictable (That's yo
u, baby)
Unpredictable (You drive me crazy, oh, oh, oh, no, no, no)
Unpredictable (Know you go crazy)

Unpredictable (Know you my baby), oh, oh, oh
