

## Because of you

Destination Anywhere

I'm trying not to drown  
In the sea where I was thrown  
I can't believe how bad I'm down  
I always thought that I'm not bound

I'm walking circles in my room  
I'm completely out of tune  
My feelings seem to fade away  
Just to come back the other day

And it's all because of you  
And it's all because of you  
And I don't want to miss you  
All because of you  
And it's all because of you  
And I don't want to miss a thing

My friends lost sight of who I am  
And it's senseless to pretend  
That I'm the same 'cause I did change  
Imbalance livin' in my head

All the compassion that is spent  
It's a beginning, not an end  
Oh all these good words cannot help  
Reminding me that I had failed

And it's all because of you  
And it's all because of you  
And I don't want to miss you  
All because of you  
And it's all because of you  
And I don't want to miss a thing
