

# Forget About Me

Destine

Baby did you stay home?  
Oh tell me everythings alright  
Tried to catch you on the payphone  
Now I'm looking for some peace of mind  
And it's so not fair not fair  
Cause I see you 'round 'round nowhere  
I said anyone but me  
It's time for a livin'  
It's time to turn home

Only in this moment  
Oh gimme just a second  
I take another breath and look the other way  
Forget about me, you'll see me 'round another day

She'll end up mad 'n alone  
He won't be knockin' at her door  
Oh, it scares her to the bone  
But she still keeps coming back for more  
And it's so not necessary  
But is now so ordinary  
I said anyone but me  
It's time to get a living  
You know it's running late  
It's time to change  
To turn back home

Only in this moment  
Oh gimme just a second  
I take another breath and look the other way  
Forget about me, you'll see me 'round another day

Baby did you stay home?  
Oh tell me everythings alright  
Tried to catch you on the payphone  
Now I'm looking for some peace of mind  
And it's so not fair not fair  
Cause I see you 'round 'round nowhere

As the sun calls it a day  
Our guilt is closing in  
You know it's running late  
Theres time to change  
To turn back home

Only in this moment  
Oh gimme just a second  
I take another breath and look the other way  
Forget about me, you'll see me 'round another day  
You'll see me 'round another day
