

# Lo Lo

Destiny Rogers

Aye, yeah

Where I'm from, rather have an old school than a foreign one  
Got a new thang, she a foreign one  
One of the last real left, ain't no more of us  
Tell me how I graduate, and still I'm goin' dumb?  
Gas, break, dip, slide in with a bitch  
From the burbs, all my homies from the Rich  
Gamed up, swear, I coulda been a pimp  
Dippin' in the lo lo, you already know tho, aye

Friday night, just got my check  
Bucket feels like it's a Benz  
Better swoop up all my friends in my lo lo, lo lo  
One shotgun, four in the back  
Smallest one on someones lap  
Drive thru window, droppin' stacks 'til we go broke, go broke  
Get your money up  
In my city, we gon' run it up  
Fall back, you need to slow it down, stay in your lane  
Holler if you hear me, hear me

I am just different, who is you kiddin' bae-bae?  
I'm out here livin', what is you doin', bae-bae?  
I am just different, who is you kiddin' bae-bae?  
I'm out here livin', what is you doin', bae-bae-bae?

Big, big, energy, feelin' gassed up  
Ghost ride on you if you switch up  
I'm still rollin', big top, big trucks in my lo lo, lo lo  
Big, big, energy, feelin' gassed up  
Ghost ride on you if you switch up  
I'm still rollin', big top, big trucks in my lo lo, lo lo

Dippin' in my '64  
Old school, slappin', all about  
East Side Stories, cruise control  
Body so low, so low  
Get your money up  
In my city, we gon' run it up  
Fall back, you need to slow it down, stay in your lane  
Holler if you hear me, hear me, yeah

I am just different, who is you kiddin' bae-bae?  
I'm out here livin', what is you doin', bae-bae?  
I am just different, who is you kiddin' bae-bae?  
I'm out here livin', what is you doin', bae-bae-bae?

Big, big, energy, feelin' gassed up  
Ghost ride on you if you switch up  
I'm still rollin', big top, big trucks in my lo lo, lo lo  
Big, big, energy, feelin' gassed up  
Ghost ride on you if you switch up  
I'm still rollin', big top, big trucks in my lo lo, lo lo
