

I wanna hear you say it  
Don't wanna need to rephrase  
I wanna hear you say it  
Don't wanna need to rephrase

You love to feel this way  
So you scream, could it be?  
You give it all away  
Admission free, could it be?

I can hear but I cannot see  
I can hear but I can't see  
I can hear but I cannot see  
Crybaby

I want you to write it down  
It's not you, it's me, why I keep coming around  
I want you to write it down  
It's not you, it's me, why I keep coming around

You love to feel this way  
So you scream, could it be?  
You give it all away  
Admission free, could it be?

I can hear but I cannot see  
I can hear but I can't see  
I can hear but I cannot see  
Crybaby

Abdicated, celibate  
More than had enough of it  
Abdicated, celibate  
More than had enough of it

I can hear but I cannot see  
I can hear but I can't see  
I can hear but I cannot see  
Crybaby
