

dream about me.

Destroy Lonely

I'm in this bitch with Clayco
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah

When I woke up, I hopped in the big body
This shit that I'm doing, I used to just dream 'bout it
I can't cap, I been having a couple problems
And it hurts 'cause I can't do a thing 'bout it
Damn, I been havin' dreams of molly
Yes, I told that bitch to dream about me
Girl know she hot, ain't no dreams about it
What a wildest dream of things and thousands
A thousand miles away, I think about you
I'm so stuck in my head and I can't get out
Dug her hand in my chest, let her take it out
But I gotta stay focused, need another thousand
I wish I could be with you like every hour
I can't cap, these bitches gettin' to me right now
But they only love me 'cause I'm dripping right now
All these mixed emotions got me trippin' right now

Told myself it ain't no reason to pipe up, simmer down
Bet this girl led me right up, sweep me out
Come alive in the nighttime, lights out
And I'm on a long ride right now
And she say, "Hit my phone, like, right now"
Damn, what this shit about?
Yeah, damn, I guess it's going down
Guess I gotta keep it real right now
Am I toxic? Probably
If I hurt you, just know that I'm sorry
Keep it real, I just need someone to ride with me
I play my role, but never games, no Atari
I'm in love with money and this muhfucking margin
I keep it going, tell these niggas, "Don't start, please"
Get some money then these people start watching
Give my music to you like a muhfucking car key

When I woke up, I hopped in the big body
This shit that I'm doing, I used to just dream 'bout it
I can't cap, I been having a couple problem
And it hurts 'cause I can't do a thing 'bout it
Damn, I been havin' dreams of molly
Yes, I told that bitch to dream about me
Girl know she hot, ain't no dreams about it
What a wildest dream of things and thousands
A thousand miles away, I think about you
I'm so stuck in my head and I can't get out
Dug her hand in my chest, let her take it out
But I gotta stay focused, need another thousand
I wish I could be with you like every hour
I can't cap, these bitches gettin' to me right now
But they only love me 'cause I'm dripping right now

All these mixed emotions got me trippin' right now

Yeah, yeah, yeah

Yeah, yeah, yeah

Yeah, yeah, yeah

Yeah, yeah, yeah

I told that bitch, "Dream about me"

I told that bitch, "Dream about you"

(Dream about you, dream about me)

(Dream 'bout me)
