

# FOREVER

Destroy Lonely

I won't doubt, I won't break  
Pass this by or fade away  
Take your time, seize the day  
I don't mind, I can wait  
So when you're ready you just gotta let me know  
And when the time is right I'm gonna show you  
When we find it we will never let go  
'Cause love lasts forever  
So when you're ready you just gotta let me know  
And when the time is right I'm gonna show you  
When we find it we will never let go

Love last forever, love last forever  
No matter what they tell you (no matter)  
Love last forever, we'll last forever  
No matter what they tell you, this love last forever  
Love me now  
No matter what they tell you this love last forever and ever and ever  
And this money, this money, this money forever

Forever cash, I swear I don't give no fucks now  
Yeah, I used to be walkin', I'm pullin' up Cadillac truck now  
Bitch, don't do no talking, yeah, I got you clean with a bust down  
I'm rocking big ass diamonds, my chain too wild, ain't shit I don't touch no  
w  
I rock a gold chain, Hellcat, I'm pulling up yeah, rrah  
I'm 'bout to smash the 'rari, no Hermes swag, I'm pulling right off  
She tried popping on me and we outside, she topping me off  
She pulled up just in a gown but I'm 'bout to pull it right off  
Creepin' up top of the hills, if you tryna see me, gotta come up the hill  
I remember my first mil', I couldn't believe that shit was real  
All my partners killers, young \*\*\*\* like me used to steal  
I pulled up chasing this bitch and now I'm pulling off with no feelings  
I'm feeling like Weezy, brand new drop top, whip it, got no ceiling  
I got this bitch wheezing, she sitting over here hitting my blunt for real  
I got purple lean filling up my lil' kidney and it might kill me  
She's tryna wait for me, she's tryna twerk for me, she 'bout to kneel

I'm cracking the seal  
I'm cracking, I'm cracking, I'm cracking the seal  
Got a pack in the mail  
Been got a pack, got a pack, got a pack in the mail  
She tryna pop a lil' pill  
She tryna pop her lil' pussy, I'm popping for real

No matter what they tell you (no matter)  
Love last forever and ever and ever  
No matter what they tell you, this love last forever  
No matter what they tell you, this love last forever  
And ever and ever  
And this money, this money forever

'Cause love lasts forever  
Forever love, forever and ever  
Forever love, forever and ever
