

goin up

Destroy Lonely

Yeah, I just been popping my shit
I just been counting my money up
I just been getting rich
I just been taking my time
I just been taking my time
Codeine pour up
Codeine slow it down time
I got to roll up
I got to roll up right about now
It's way too hot
I'm rocking pointers are way too cold right now
I'm about to pull up
I'm about to pull up right about now
She about to pull up (Pull up)
She about to pull up right about now

It's goin' up, it's goin' up, it's goin' down
She goin' up, she goin' up, she goin' down
I'm pouring up, she pouring up right about now
I'm slowing up, she slowing up, we slowing down

Tryna ride my wave, you're gonna drown
And my diamonds on wave, I'm drowning
Her pussy on wave, I'm drowning
Can the lifeguard help me now?
Every time I pull up I'm cashing out, I tell them to drip me out
I put a silencer on the end of the stick, that motherfucker don't make a sound
Put a drum on that bitch, hundred rounds
Any day I could smoke a whole pound
Top down, get put in the ground
Niggas dying for tryna get down
I tote a Glock and a FN
That's my bad, I tote the stick
I smoke forty-one, not no cigs
I smoke opps and I might smoke your bitch

Yeah, I just been popping my shit
I just been counting my money up
I just been getting rich
I just been taking my time
I just been taking my time
Codeine pour up (Pour up)
Codeine slow it down time (Yeah)
I got to roll up
I got to roll up right about now
It's way too hot
I'm rocking pointers are way too cold right now (Yeah)
I'm about to pull up (Pull up)
I'm about to pull up right about now (Yeah)
She about to pull up (Pull up)
She about to pull up right about now

It's goin' up, it's goin' up, it's goin' down
She goin' up, she goin' up, she goin' down
I'm pouring up, she pouring up right about now
I'm slowing up, she slowing up, we slowing down

It's goin' up, it's goin' up, it's goin' down
She goin' up, she goin' up, she goin' down
I'm pouring up, she pouring up right about now
I'm slowing up, she slowing up, we slowing down
