

Layover

Destroy Lonely

(Clayco on the beat)

Yeah

I'm in this bitch smoking dope right now

I'm in this bitch high as fuck right now, nigga

Bad bitch asking, "Can I stay over?"

Non-stop flight, I don't do the layover

Bad bitch asking, "Can I stay over?"

Non-stop flight, I don't do the layover

Man, I go in every time like a lay-up

Five-star bitch, ain't no way I'ma play with her

Rick Owens drip, bitch, I'm rocking layers

Designer fashion, yes, I keep it player

Damn, this ho playing

I gotta go, lil' bitch, I'll see you later

YSL jeans and they holdin' my paper

Why do these niggas be asking for favors?

And this ho keep calling, I guess that she think a young nigga gon' come through and try to go save her

This a big backwood, no, not a paper

This Draco is hard, we equipped with a laser

I didn't go to Harvard, I went to the trap, bitch

My bro got an AR-15 on his back, bitch

I hit these hoes back to back just like backpage

And I'm in the back of the trap smokin' cat piss

Early morning, bitch, I'm breaking the bank

And if you talking racks, well I'm upping dogshit

I swear this life that I'm livin' so awesome

I come through, I'm fly, got your bitch just like, "Aw shit"

Rick Owens kicks how I step over dog shit

All-black drip coming through like a poltergeist

Don't ask me 'bout shit 'cause I swear I don't know them guys

You can get what you want, lil' bitch, just gotta close your eyes

I'm smoking dope in the whip, bitch, I'm uber high

I just copped some new kicks and I swear that they stupid fire

Fuck 12, this revolution is televised

I'm plugged in, lil' bitch, my dripping is digitized

Bad bitch asking, "Can I stay over?"

Non-stop flight, I don't do the layover

Man, I go in every time like a lay-up

Five-star bitch, ain't no way I'ma play with her
