

LOVE HURTS

Destroy Lonely

Love hurts

True story

Baby money

88

Love does last forever you know

This money does last forever too you know

And

And I just

I just hope you miss me too you know

Shit get different we can talk about it

Copped a big ass crib and I ain't walking out it

I just went a bought you a whole new body

You better act like you don't know nobody

In charge of this shit you don't owe nobody

I do it I got it

That's how you pop it

As long as I'm in love every time we shopping

Everything exotic

I took you way past just London

You even said that was nothing

I bought you that bag you rocking

Did you forget that my shawty

I met you in manhattan shawty

Huh you know my body

I'm turning up in magic shawty

Yeah with the whole damn posse

I just threw a dub no problem

You called me a dog you better watch it

Big money flex you popping shit

I just called Alex for a brand new wrist

And touchdown copped the new maybach truck

The trap jumping make a pack do a back flip

It's too lit all the bad bitches off X

She not my bitch she my best friend

Smoke a lo-fi that's the vibe my nigga

You don't know the guys you can not get in

You ain't got ties you can not get in

She's just a 5 she can not get in

I've been putting diamonds on all my friends

Front sit rides got the vibes packed in

Shit get different we can talk about it

Copped a big ass crib and I ain't walking out it

I just went a bought you a whole new body

You better act like you don't know nobody

In charge of this shit you don't owe nobody

I do it I got it

That's how you pop it

As long as I'm in love every time we shopping

Everything exotic

I took you way past just London

You even said that was nothing
