

please dnt touch dis sh*t

Destroy Lonely

(Clayco on the beat)

Yeah, oh yeah
I brought that ho to the traphouse mansion
And I'm with two white ho's, Brittney and Ashley
You know I'm geeked up, please don't ask me, yeah
Bitch, please don't ask me shit
Bitch, please don't touch this shit
Bitch, we got sticks in here
I'm on shrooms, I'm geeked in here
Top floor nigga, I see you from here
Yeah I'm smoking dope, this is weed in the air
And this bitch mad at me, but nigga I don't care

Put that ho on her knees, then kick her out of here
And my drip Japanese, nigga this shit rare
Might be hitting your niece, nigga I don't care
I like replica shoes, I want every pair
Designer shit, down to my underwear
Bad bitch, 'bout to take her under there
Rockstar life bitch I'm high as hell
But I'm doing shit, baby you can't tell?
I think I know this ho, she ring a bell
[?] nigga yeah
I don't think I know these niggas, hell no
And I feel like a foreign car, hell yeah, hell yeah, nigga hell yeah
I feel like a foreign car, hell yeah
I see beautiful model broads everywhere, I'm addicted to dollar signs, I need help
And I'm straight by myself, but can you wish me well
I'm the darklord baby and I'm raising hell
All my niggas having dirty scales (all my niggas having dirty scales)

Oh yeah
I brought that ho to the traphouse mansion
And I'm with two white ho's, Brittney and Ashley
You know I'm geeked up, please don't ask me, yeah
Bitch, please don't ask me shit
Bitch, please don't touch this shit
Bitch, we got sticks in here
I'm on shrooms, I'm geeked in here
Top floor nigga, I see you from here
Yeah I'm smoking dope, this is weed in the air
And this bitch mad at me, but nigga I don't care
Put that ho on her knees, then kick her out of here
And my drip Japanese, nigga this shit rare
Might be hitting your niece, nigga I don't care
I like replica shoes, I want every pair
Designer shit, down to my underwear
Bad bitch, 'bout to take her under there (bad bitch 'bout to take her under there)
Yeah, yeah
I brought that ho to the traphouse mansion
