You see, a lot of people, they say they don't understand these young nigga
But you gotta understand that life is a road with a lot signs
And if you don't pay attention, sometimes you get lost forever
So I'm shoutin' out to all my old heads, man
All my nigga in the industry, when these young nigga step to you, my nigga
Give them the right answer, my nigga, the right direction
So they can further they career, and all you DJs play these young nigga shit
If the shit good, give them a chance, nigga
This is the fuckin' future, man

My bitch rockin' a black bandana
I'm jumpin' out, East Atlanta
Pop my shit, don't need no cameras
Got money, I look like a scammer
My wrist havin' a goddamn seizure
Everybody must think I'm a tweaker
My weed blowin' strong like a speaker
I'm rich, I leave her, it's cheaper to keep her
Money
Bitch wanna try a G6
All of my hoes top ten
Slam dunk your bitch, no assist
Check my drip
I need a janitor, I just spilled
I do syrup sippin', I'm sick
I need help, I can't even feel shit

She like to geek like a nerd
She want cocaine, think she Scarface
I been gettin' way too high
Got ash on my mink Cartier
Hop in a SRT, go skrrt, skrrt, skrrt, and now she cursed, yeah
Baby money, money lead a rockstar life, I like to partake
I got blood on my Timbs
I just broke a whole damn ATM
I just made a hurricane in here
I shoulda caught this on film
She wanna just fuck on me, she wanna go fuck on him
I been livin' in luxury, got VVSs on all my rims

My bitch rockin' a black bandana
I'm jumpin' out, East Atlanta
Pop my shit, don't need no cameras
Got money, I look like a scammer
My wrist having a goddamn seizure
Everybody must think I'm a tweaker
My weed blowin' strong like a speaker
I'm rich, I leave her, it's cheaper to keep her
Money
Bitch wanna try a G6
All of my hoes top ten
Slam dunk your bitch, no assist
Check my drip
I need a janitor, I just spilled
I do syrup sippin', I'm sick
I need help, I can't even feel shit
