

Take A Pic

Destroy Lonely

Yeah, take a pic
Oh yeah, yeah
Yeah, oh yeah
(Is that Kory on the beat?)

We just pulled up to the spot, lil' bitch it's lit
Tell that bitch wait in the lobby
Say she like it, say it's lit
I told that girl that if she like this shit so much then take a pic
But look, you only get to live this life like once you gotta live it

We spend a lot to make some memories
We fuck it up, and then that's it
You fuckin' up, you need assistance
I'm gettin' money, now they sick
And I got diamonds on my fist
Yeah, just like Tyson bitch they hittin'
Yeah, just like lightning bitch it's lit
She treat me nice she so enticing
Damn, I think I like this bitch
And I was down bad eating tyson chicken nuggets, now it's fish
But I get high and eat some chicken nuggets
Bitch I can't forget
I love my brotha cause he with' me
Top floor life, lil' bitch we livin'
And if I got it then he got it
Bitch we splittin' 50/50

We just pulled up to the spot, lil' bitch it's lit
Tell that bitch wait in the lobby
Say she like it, say it's lit
I told that girl that if she like this shit so much then take a pic
But look, you only get to live this life like once you gotta live it

Check out these kicks
Fuck how much I spent on 'em
I might put a bitch on him
Turn him to a lick homie
And it's crazy, cause I think this lil' shit was really meant for me
That's not my baby, man these hunnid dollar bills they got me whipped homie
And you know that Lonely keep a big bankroll
I got a grip on me
I'm on X I'm rollin' fast as Lambo' trucks
Can't catch a grip homie
I'm high as fuck lil' bitch I'm focused
All I know I got yo rent on me
If it's not 'bout dollar signs, then I don't know man
I can't do that shit brodie
And this shit get cold like snowman
So I gotta keep some heat on me
My shoota he creep with me
I hate rats, I don't watch Disney
By myself, lil' bitch this me
By myself, lil' bitch just me
Lil' bitch, I shine like Christmas tree
And I smoke big, big tree

We just pulled up to the spot, lil' bitch it's lit
Tell that bitch wait in the lobby
Say she like it, say it's lit
I told that girl, if she like this shit so much then take a pic
But look, you only get to live this life like once you gotta live it
(Then take a pic)
