Destroy Lonely

Clayco on the beat
Oh, yeah, yeah, yeah, yeah
Lonely (Yeah)
Lonely (Oh, oh, oh, yeah)
Lonely (Yeah, yeah)
One bitch said she like my music (Oh, oh, oh, yeah)
One bitch like me 'cause I'm cool (Yeah)
One bitch said she like my music (Oh, oh, oh, yeah)
One bitch like me 'cause I'm cool (Yeah)

In the trap posted with my brothers
Late night, yeah, we working, one or the other
Damn, this bitch, she calling, man, I gotta decline
'Cause I want my main bitch under covers
Balmain drip undercover
New bitch I can't wait to discover
I don't do flash, keep that shit undercover
New swag, this shit ain't been discovered
And, yes, I'm bad (Oh, yeah)
And you bad, too (Yeah)
But I love the way you make it move
With an ass like that, I fall in love with you
I don't have to establish when I'm comin' through
Yes, I'm really dripping like a swimmin' pool
And this one bitch say she really like my music
One bitch say she really like me 'cause I'm cool

Money conversations, this not middle school
Yes, I keep it player, bitch, I stick and move
No, I'm never tripping, baby, I'm not rude
You can hit my FaceTime out the blue
All my ladies text me when I'm in the booth
Always checking up and askin' what I'm doing
I just tell 'em that I'm always fuckin' movin'
Know I'm always making time just for you
I'ma get the Saint Laurent just for you
If you want it, all you gotta do is say the word
And I'm freezing time just for you
Marijuana smell all in the suburbs
'Cause we burning all out a coupe
I might hit your friend if this shit don't work
I ain't got no time to wait on you
Hope you understand (Hope you understand)
I'm not tryna hurt you
