

You & I

Destroy Lonely

(Underworld)
Yeah-yeah (Uh-uh, oh)
Yeah-yeah (Uh, oh)
Yeah-yeah (Oh)
Yeah-yeah (Uh, oh)
Yeah-yeah (Oh)
Yeah-yeah (Uh, oh)
Yeah-yeah (Oh)
Yeah-yeah

Yeah-yeah, it seem like I, seem like I
It seem like I'll fall through the sky (Yeah, yeah)
Don't make a scene right now, a scene right now
'Cause I'm here for you, and I (Yeah, yeah)
We smokin' green right now, got some green on me
And whatever, I'm payin' that price (Yeah, yeah)
Bitch, I'm goin' Elon, way too high
And I'm on the top floor with all these vibes
Callin' my boy tell 'em bring some more vibes
Bitch, I'm with my team, don't play with them guys
Bitch, I'm the one in the one-point-
five and I'm top five, but not two to five
Bitch, I stayed down, kept it real, true to I
And this shit came with pain, see that shit in my eyes
No, I don't flex, I been gettin' fly
And no, I don't stress 'bout a bitch that ain't mine
Go get a check, don't forget why
You want a ride? Hop in that ride
Too high to eat, baby, give me some fries
It's you and I, it's you and I
Digital drip, man, this shit digitized
Big .45'th aimed between the eyes
These niggas green, call 'em Wizard of Oz
And I make shit happen, just usin' my mind
(Just usin' my mind)

Uh-uh (Make shit happen, just usin' my mind)
Uh-uh (Make shit happen, just usin' my mind)
Uh-uh (I make shit happen, just usin' my mind)
Yeah, uh-uh (I do this shit, for you, and I, yeah) (Oh)

Yeah, I found my lane and I stayed in it
Yeah, I found my place and I stayed in it
Yeah, they miscalculate, understated me
Yeah, they miscalculate, overstated 'em
'Cause I'm different, treat me like an alien
Yeah, I was broke, overcame, now they payin' me
Xans was just like novocaine, I was cravin' 'em
Then I looked up and my whole world was cavin' in
If you thought I wouldn't make it, you must be a crazy man
No, I don't even got time for a pretty ho'
I take that ho' to my room then we get it on
Leave her 'lone, ain't no way that she forgettin' Lone
Yeah, this extra ammo, we gon' get it gone
And this life is something I been livin' for
We was down bad, trappin', we was swingin' doors
Now I'm cross the country and I'm rockin' shows

Yeah, I take off like a rocket, ho'
And I'm really havin' options, ho'
In the moshpit, I lost my diamonds, bro
In the moshpit, I lost my 'des GARÇONS
Yeah, they love me, they singin' all my songs
If you love me, don't gotta let me go
Yes, I love you, thought I should let you know
Yeah, just be careful, baby, 'cause this world is cold (Yeah, this world is
cold)
