

The Holly Situation

Destroy Rebuild Until God Shows

Call me out
yell into this microphone, (less)
every minute that we shared
is it love or just mistake?
and I swear to be open like a book
and on every page a lesson measured
by what you can carry away from it

I can't stand for feeling this way
knowing that you're still in love with me
does he know, does he make you feel this way
I'm worse off knowing it's better off anyways

I'm feeling it's taking over
How it feels to be used for lust
I may not love, just mistakes
Every single thing you said to me
You've taken back by being with him

call me out
Yell into this telephone, let
Everything we've ever had
It was just a waste of time
And I saw you're feeling sad
but you do what you gotta do
take your time and find the truth
who would try to come and take you away from me

I can't stand for feeling this way
knowing that you're still in love with me
does he know, does he make you feel this way
I'm worse off knowing it's better off anyways

I'm feeling it's taking over
how it feels to be used for lust
I may not love, just mistakes
every single thing you said to me
You take it back, you take it back, you take it

(I'm feeling this disgust
It may be not close, but I swore it stays in your air)

I'm feeling it's taking over
how it feels to be used for lust
I may not love, just mistakes
every single thing you said to me
you take it back, you take it back, you take it
I'm feeling it's taking over
how it feels to be used for lust
I made not love, just mistakes
every single thing you said to me
You take it back, you take it back, you take it.
