

# What's the Code for Heaven's Gate?

Destroy Rebuild Until God Shows

If I were the sun  
And you were the sky  
I'd never settle  
And we'd never die

This is what it feels like  
When a thousand cars are crashing all around you

Don't look back, you can't win  
Who you are, you've always been  
Never given up, never given in  
Nothing ventured, nothing gained  
In your eyes, big or small  
Get distracted, lose it all  
'Til I'm in the sky  
And than we all fall down, down, down

If I were the moon  
And you were the stars  
I'd never change  
And I'd hold you for one more night

This is what it feels like  
When a thousand cars are crashing all around you

Don't look back, you can't win  
Who you are, you've always been  
Never given up, never given in  
Nothing ventured, nothing gained  
In your eyes, big or small  
Get distracted, lose it all  
'Til I'm in the sky  
And than we all fall down, down, down

Every collapse  
Every creation  
Nothing that changes  
Will ever break us

Don't look back, you can't win  
Who you are, you've always been  
Never given up, never given in  
Nothing ventured, nothing gained

Don't look back, you can't win  
Who you are, you've always been  
Never given up, never given in  
Nothing ventured, nothing gained  
In your eyes, big or small  
Get distracted, lose it all  
'Til I'm in the sky  
And than we  
'Til I'm in the sky  
And than we  
'Til I'm in the sky  
And than we all fall down, down, down
