

Plaza Trinidad

Destroyer

I was caught in the middle of a world war
This time it was dense light vs. the azure
I was high as a kite, I was never coming home tonight

And I couldn't believe how loud it was.
What devilry the source of this screaming
You and your dress: fair game.
The birds off Plaza Trinidad: insane.
You can watch them go!

I was stuck inside a river's flow, a corridor's glow's idea of
an ocean
Okay, it's agreed I wasn't much to look at then
Known mostly for the whites of my eyes
A hen clucking escape from her torn surface

And I couldn't believe how loud it was
What devilry the source of this screaming
You and your dress forgave the birds of Plaza Trinidad
and soon you can watch them go!

I was stuck inside a river's flow, a corridor's glow
A world at war! The kind of thing we've seen before!
Dense light vs. the azure
I was high as a kite, I was never coming home tonight.
And I couldn't believe--

How loud it was.
How loud it was.
And I couldn't believe how loud it was, how loud it was.
And I couldn't believe how loud it was, how loud it was.
