

## State Of The Union

Destroyer

Once again,  
A wreck  
On the observation deck.  
Watching the news come in,  
Watching the books burn,  
What did you learn?  
I learned girls are great  
Grated on my plate.  
And boys are best  
Served with a stake through the chest.  
An overwhelming yes for  
State of the Union from an unlisted address.

Your pissed-up Yes Man  
Belted the bride today  
He voted 'No', now there's nowhere to hide.

Maybe I know where to run.  
Brother, I know where to hide, maybe.  
I know where to run, Brother.  
I know where to hide
