Destroyer

Jesus is beside himself  
Jacob's in a state of decimation  
The writing on the wall wasn't writing at all  
Just forces of nature in love with a weather station

Artists and repertoire  
Hand in hand through the greater way at dawn  
The writing on the wall said, "Jesus saves"  
The writing on the wall mentions  
Honey played a game with our waves

You can follow a rose wherever it grows  
Yeah, you can fall in love with Times Square  
Times Square

Judy's beside herself  
Jack's in a state of desolation  
The writing on the wall wasn't writing at all  
Just forces of nature in love with a radio station

You can follow a road to the ocean  
Times Square  
Times Square  
Times Square  
Oh, you could fall in love  
Oh, you could fall in love  
Oh, you could fall in love
